PROFESSIONAL SUMMARY

Innovative Front-End Developer & UI/UX Designer specializing in modern web technologies and AI-augmented development. Skilled at architecting interactive prototypes in **Figma** and deploying production-ready code using **React, JavaScript, and Tailwind CSS**. Demonstrated success in leading end-to-end design strategies for technical projects and delivering full-stack applications with real-time data persistence via **Supabase**. Expertly leverages **GitHub Copilot and Gemini** to optimize code performance, automate logic, and accelerate the development lifecycle.

TECHNICAL SKILLS

- **Design & UI/UX:** Figma (Advanced), Prototyping, User Research, Wireframing, Design Systems, Responsive Design.
- **Front-End Development:** HTML5, CSS3, JavaScript (ES6+), React, Tailwind CSS, Supabase (Auth & Database), Version Control (Git/GitHub).
- **AI Tools & Integration:** AI-Assisted Prototyping (Figma AI), GitHub Copilot/Gemini for code optimization and debugging.
- **Tools & Soft Skills:** VS Code, Agile Methodology, Problem Solving, Collaborative Teamwork.

TECHNICAL PROJECTS

EDITH (Capstone Project) | Lead UI/UX & Front-End Developer

- Leading the end-to-end design strategy, moving from user research in **Figma** to a scalable **React and Tailwind CSS** architecture.
- Integrating **Gemini AI** to build a context-aware backend that automates complex user tasks and logic.
- Developing a high-fidelity design system in **Figma** to ensure a consistent visual language across the entire platform.

Ascend (Task Manager & Journal) | Full-Stack Developer

- Built a full-stack productivity app using **React and Supabase** for secure user authentication and real-time data syncing.

- ◦Styled a responsive, mobile-first UI with **Tailwind CSS**, ensuring smooth interactions and a clean user experience.

Web Development & Design Portfolio

- **City of Vancouver:** Redesigned a data-heavy webpage using the **ECharts library** to make complex city indicators easy for citizens to visualize.
- **Build Bliss Construction:** Developed and launched a custom professional portfolio site using clean **HTML, CSS, and JavaScript**.
- **Figma Specialist:** Designed a library of interactive prototypes featuring micro-interactions and responsive layouts for both mobile and desktop.

EDUCATION

Kwantlen Polytechnic University (KPU) | Surrey, BC *Diploma in Front-End Development for Interactive Applications (FDIT)* Expected Graduation: April 2026

- **Key Courses:** UI Foundations, UX Foundations, Front-End Programming, Design Systems, Motion Design.

EXPERIENCE

Framing Carpenter | Build Bliss Construction Ltd. | (2024-2025)

- Collaborated effectively with cross-functional teams to ensure timely project completion and adherence to specifications.
- Demonstrated strong time-management and communication skills in a high-demand construction environment, balancing responsibilities with full-time studies.
